## Message from the President

Dear Colleagues,

As February begins and we head into the second month of 2023, I wanted to take this opportunity to express how honoured I am to lead TSTN this year. With close to 750 Schedule II employees throughout the system and a membership that continues to grow and build strength, we are vital partners in helping the TDSB achieve its strategic goals and build student success.

Recently, our membership elected two new Executive team members at our AGM. I would like to take this opportunity to welcome Tyler Raponi and Rosmarie Bruni to the team - we are thrilled to be working alongside them! We also elected our new leadership positions, and I am excited to share our slate with you for this year.

Your executive continues to support all Schedule II staff, moving ahead with projects like updating our Terms and Conditions (now in the final sign-off stage), leveraging our remote and hybrid work arrangements, consulting with legal experts, and maintaining

positive, collaborative relationships with our Senior Team.

Our work environment continues to transform and evolve as we navigate new opportunities powered by technology and innovative solutions to challenges that push us to excel. The breadth and diversity of skills among our members is what has continued to set us apart and has ensured that we remain included in many crucial leadership conversations.

In everything we do, we hope to provide opportunities for you to grow your professional skills and network – whether during our virtual PD sessions, sharing your questions and feedback through our surveys, or attending our Annual General Meetings. TSTN strives to be a strong professional network that you can count on, that supports your ongoing development, and that represents all Schedule II employees.

We look forward to sharing more updates with you in the coming months.
